ABOUT THE MINI-COURSE CREATOR

THE VOCAL EXPRESSIONIST

Hello! I'm The Vocal Expressionist. You can call me T.V.E. I've been doing voice overs professionally since 2017. Since then, I've done over 100 voice overs for brands pertaining to Corporate, FMCGs, Media, Art and Entertainment sectors. I became a certified Voice Over Practitioner after receiving training at the Voice Over Academy - Africa's pioneer learning hub for voice over talents.

The projects I've worked on include: TV & Radio Commercials, Animation, Telephone Greetings, Radio Dramas, e-learning, Explainers, Promos, Jingle Productions, Narration and Audiobooks.

My voice overs have been used by Airtel, Chi Limited, Flutterwave, First Bank, Nokia, Ribena, Jumia and KFC just to mention a few.

I'm particularly inspired by the creative and flexible nature of the craft and also driven by my passion.

Many people are interested in becoming voice over talents but aren't willing to be practical to get desired results. Practicality will help you transform your speaking voice into a selling voice.

This is why I have created this course for you to learn to apply your talent and intentionality in order to live a purposeful career.

Through the years, I have learned new skills that have helped me a great deal to understand the artistry of the craft better. I am willing to share this knowledge with you and help you actualise your dream of becoming a voice over talent.

At the end of the course, you should be able to individually explore artistic vocal dimensions and confidently execute excellent voice over deliveries.

LET'S WORK TO MAKE THIS HAPPEN NOW!
